Baby & Toddler Groups

Baby & Toddler groups are informal, friendly groups that give parents and carers the opportunity to meet other families with babies and young children in their local community.

These groups are normally held in a variety of venues such as church halls, community centres and schools with community wings and are usually run during term time. They provide a welcome environment where mums, dads and carers of children aged from birth to pre-school, can meet in a local venue to socialise and give their children the opportunity to interact with other children of a similar age.

Activities are often provided, such as arts & crafts and song time and your child will have the opportunity to try out new experiences. All mums, dads, grandparents and carers are welcome to attend.

These groups are there to support you and your child. There are a wide range of Baby & Toddler groups in South Lanarkshire which means there is sure to be one to suit you.
