

# SPELL

## NURSERIES AND PLAYGROUPS

Nurseries and Playgroups in general provide care for children between the ages of 2 and 5 although some nurseries do provide care for babies too. Parents/carers usually leave their children at the establishment and the children are cared for by Childcare Staff. There are different types of non-profit making establishments that offer provision within South Lanarkshire. To enquire about availability, or to apply for a space you should contact the establishment directly.

### Partnership Pre-5 Establishments

These are nurseries that are in partnership with South Lanarkshire Council and offer FREE funded places. They are usually known as Nurseries or Pre-Schools and are all registered with The Care Inspectorate. They are required to follow The Curriculum for Excellence and all staff have to be registered with SSSC and members of the PVG Scheme. Hours are set by the individual establishments and they should be contacted directly for details.

### Playgroups

These establishments are mainly play based but may also follow The Curriculum for Excellence. These playgroups are not registered with The Care Inspectorate however may follow SPELL's Quality Assurance Programme which supports good practice within the Pre-5 sector. All staff and volunteers are fully disclosed by being members of the PVG Scheme. These establishments will run for no more than 2 hours a day.
